

Is the SPD Leadership Development Program for You?

The SPD Leadership Development Program provides you with the opportunity to improve your leadership skills in focused small group and one-on-one settings. Develop and expand analytical, strategic and communication skills crucial to any leadership role in your work life, your community life and your personal life.

You will:

- ✓ attend group sessions covering strategic vision, problem analysis, project planning, communication, facilitation, negotiation and other leadership topics.
- ✓ pair up with a mentor who provides support and guidance.
- ✓ develop and practice skills through a hands-on project – from design to implementation.

Leaders are not just born, they are developed. Take the challenge – the personal challenge to expand your perspective and your skills.
